

THE COLESON

About The Property

Gables, and a cozy front porch strike the perfect balance on the facade of this stylish, yet affordable, cottage. This charming appearance alludes to its comfortable interior. Easy traffic patterns make all the rooms in this modest home convenient to one another. Cathedral ceilings create spaciousness in the great room and master bedroom, while a tray ceiling adds a formal touch to the sole dining area. The kitchen stays connected to the great room by way of a pass-thru with a raised and curvedv counter. An expansive bonus room is located over the garage, offering storage solutions and expansion opportunities.
